

# ALL ABOUT HIPAA

And how we protect your privacy

## WHAT IS HIPAA?

### THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT

This 1996 legislation was enacted by the United States government in order to better safeguard and protect the privacy of patients' medical information

## HIPAA COMPLIANCY

A HIPAA compliant individual or organization has officially agreed to uphold its rules and regulations and is legally bound to do so.

Several organizations and entities must be HIPAA compliant in order to ensure better protection and security of private health information (PHI). Many such entities form the Chain of Trust

**All of our staff members are required to become HIPAA compliant to ensure that your privacy is better protected**

**We thank you for your continued collaboration with this practice!**
